

Registered Historic Projects Completed by MSC

State of California Registered Historic Places and/or National Register of Historic Places

Over 37 years as a preservation contractor and we're still every bit as passionate about restoring the old charm and beauty of historic structures. Below is a continually growing list of the MSC projects that have been honored with a place on the State of California Registered Historic Places and/or the National Register of Historic Places. With each project meticulously crafted and restored, we have proudly contributed to the preservation of our nation's architectural heritage.
